Subject: REACH Regulation – declaration of conformity for SVHC

In order to fulfill the obligations of the regulation named above, we are providing you with the following information:

1. Alpi identifies itself as a “downstream user”, according to REACH
2. Articles produced by Alpi, under normal or reasonably foreseeable conditions of use, do not release substances
3. Items supplied by Alpi S.p.A. (veneers, sawn wood and solid multilaminar materials) do not contain “SVHC” substances listed in the candidate list in amounts equal to or above 0.1% (weight/weight);
4. Alpi S.p.A. has sent its upstream suppliers a request for confirmation of pre-registration (or registration) of substances (either the substances themselves or those within mixes/preparations) and declaration of the amount of SVHC substances.

If this declaration changes at a future date, all Alpi clients will be notified within 45 days, as foreseen by the current legislation.

Best Regards  
Alpi Technical Service
